

# Mazuri® Ratite Diet

Formula Code 5647 | Catalog # 0001437

## Description

Mazuri® Ratite Diet is a low-energy, low-protein, complete feed designed to meet the maintenance nutritional requirements of ratite species.

## Features and Benefits

- **Low energy, low protein** – Designed to address leg problems that occur with high energy and protein.
- **Highly palatable** - Animals readily consume the amount needed.
- **Can be fed free-choice** - Convenient; animals regulate their own intake.
- **Added levels of essential minerals** – No supplementation needed.
- **Pellet form** - Easy to feed; easy for animals to handle; minimizes waste.

## Product Form and Packaging

Pellet: 5/32" diameter x 1/2" length | 50 lb (22.67 kg) net weight paper sack

## Guaranteed Analysis

Crude protein not less than.....	15.0%
Crude fat not less than.....	3.0%
Crude fiber not more than.....	18.0%
Moisture not more than.....	12.0%
Ash not more than.....	10.0%
Calcium not less than.....	1.35%
Calcium not more than.....	1.85%
Phosphorus not less than.....	0.80%
Sodium not more than.....	0.51%

## Ingredients

Ground Oats, Dehydrated Alfalfa Meal, Oat Hulls, Dehulled Soybean Meal, Ground Soybean Hulls, Dicalcium Phosphate, Fish Meal, Brewers Dried Yeast, Ground Corn, Calcium Carbonate, Salt, Soybean Oil, DL-Methionine, Choline Chloride, Pyridoxine Hydrochloride, DL-Alpha-Tocopherol Acetate (Vitamin E), Biotin, Ferrous Sulfate, Vitamin D3 Supplement, Folic Acid, Vitamin A Supplement, Zinc Oxide, Manganous Oxide, Preserved with Mixed Tocopherols, Thiamine Mononitrate, Rosemary Extract, Ferrous Carbonate, Calcium Pantothenate, Nicotinic Acid, Citric Acid (a Preservative), Copper Sulfate, Menadione Sodium Bisulfite Complex (Vitamin K), Vitamin B12 Supplement, Riboflavin Supplement, Zinc Sulfate, Calcium Iodate, Cobalt Carbonate, Sodium Selenite.

## Feeding Directions

- Feed ad libitum to birds such as ostriches, emus, rheas, and cassowaries.
- Feed to adult animals during the off-breeding season or to adult birds not kept for breeding purposes.
  - Amount of feed consumed will depend upon age of animal and time of year.
