

Sea Duck Diet

Mazuri® Sea Duck Diet is an extruded, floating diet formulated for growing, breeding, and adult sea ducks and other diving duck species.

Features and Benefits

- **Floating diet** – Floats for a limited period of time, limiting water contamination and waste.
- **Balanced levels of essential nutrients** – Contains high quality protein from animal sources.
- **Sustainable fishmeal source used.**

Product Form & Packaging

Catalog #0006599 | Extruded Particle | 1/4" diameter | 50 lb. (22.67 kg) net weight paper w/poly bag

Guaranteed Analysis

Crude protein not less than	21.50%	Calcium not more than	2.75%
Crude fat not less than	5.00%	Phosphorus not less than	1.20%
Crude fiber not more than	5.00%	Salt not less than.....	0.25%
Ash not more than	12.00%	Salt not more than	0.75%
Calcium not less than	2.25%		

Ingredients

Fish Meal, Ground Wheat, Wheat Middlings, Ground Corn, Dehydrated Alfalfa Meal, Porcine Meat and Bone Meal, Brewers Dried Yeast, Calcium Carbonate, Soybean Oil, Salt, Dicalcium Phosphate, Dried Whey, Glycerol Monostearate, Magnesium Oxide, Pyridoxine Hydrochloride, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Choline Chloride, Menadione Sodium Bisulfite Complex (source of Vitamin K), Dried Enterococcus faecium Fermentation Product, Vitamin D3 Supplement, Vitamin A Acetate, d-Alpha tocopheryl acetate, Biotin, Preserved with Mixed Tocopherols, Manganous Oxide, Rosemary Extract, Calcium Pantothenate, Zinc Oxide, Citric Acid (a Preservative), Folic Acid, Thiamine Mononitrate, Nicotinic Acid, Copper Sulfate, Riboflavin Supplement, Vitamin B-12 Supplement, Calcium Iodate, Sodium Selenite.

Feeding Directions

- Feed free-choice on the surface of the water.
 - If supplementation is desired, species-appropriate supplementation should be provided at no more than 20% of the total dietary intake, on an as is basis.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
