

Fiber Enhancer[®] Supplement

Mazuri[®] Fiber Enhancer[®] Supplement was developed with Dr. Norm Evans, a leading alpaca veterinarian. This supplement is a blend of vitamins, minerals, fatty acids, and yeast cultures formulated to maximize fiber production when fed with good quality feed and forage.

Features and Benefits

- **Contains a balanced combination of:**
 - **Flaxseed** – source of Omega-3 fatty acids.
 - **Antioxidants** – vitamin E, vitamin C, and beta-carotene.
 - **Yeast cultures** – designed to maximize fiber production.
- **Palatable formulation** – Tested at leading farms.
- **Extruded form** – Less waste and fines compared to pellets.

Product Form & Packaging

Catalog #0052595 | Extruded Particle | 7/16" x 1/8" oat-shaped particle | 25 lb. (11.33 kg) net weight paper w/ poly bag

Guaranteed Analysis

Crude protein not less than	20.00%	Phosphorus not less than	0.65%
Crude fat not less than.....	12.00%	Sodium not more than.....	0.51%
Crude fiber not more than.....	10.00%	Ascorbic Acid not less than.....	318 mg/lb
Ash not more than	9.00%	Beta carotene not less than.....	52 mg/lb
Calcium not less than	0.75%	Biotin not less than	20 mg/lb
Calcium not more than	1.25%	Vitamin E not less than	1700 IU/lb

Ingredients

Ground Flaxseed, Yeast Culture, Brewers Dried Yeast, Wheat Flour, Dehulled Soybean Meal, Biotin, Cane Molasses, Ground Corn, Calcium Carbonate, Soybean Oil, Vitamin E Supplement, Beta Carotene, Artificial Flavors, Natural Flavor, L-Ascorbyl-2-Polyphosphate (Vitamin C), Preserved with Mixed Tocopherols, Rosemary Extract, Citric Acid (a Preservative).

Feeding Directions

- Provide Mazuri[®] Fiber Enhancer[®] Supplement as a top dressing on a high-quality diet at the following rates:
 - 2 oz (approximately ½ cup) per adult llama or alpaca per day.
 - ½ oz (approximately 2 tablespoons) per cria per day.
- Do not feed moldy or insect infested feed.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This diet is not for human consumption.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
