

Ferret Diet

Mazuri® Ferret Diet is an extruded product formulated for complete life cycle feeding, using ingredients appropriate for carnivores.

Features and Benefits

- **Multiple animal-derived proteins appropriate for carnivores.**
- **Highly palatable, extruded diet** – Easy to digest.
- **Natural antioxidants** – Mixed tocopherols and rosemary extract.
- **Contains sources of Omega-3 fatty acids.**
- **Added taurine** – An essential amino acid for carnivores.
- **Contains probiotics** – To support GI tract health.
- **Includes Yucca schidigera extract** – Shown to reduce aerosol ammonia in animal facilities*
- **No added artificial colors or artificial flavors.**

Product Form & Packaging

Extruded Particle | 5/32" x 3/8"

- **Catalog #0001473** | 25 lb. (11.33 kg) net weight paper w/poly bag
- **Catalog #0060831** | 5 lb. (2.26 kg) net weight resealable poly bag
- **Catalog #0060817** | Case: 6 x 5 lb. net weight resealable poly bags

Guaranteed Analysis

Crude protein not less than.....	38.00%	Selenium not less than.....	0.20 mg/kg
Crude fat not less than.....	20.00%	Selenium not more than.....	0.24 mg/kg
Crude fiber not more than.....	4.00%	Vitamin E not less than.....	225 IU/kg
Moisture not more than.....	12.00%	Omega-3 fatty acids not less than.....	0.45%
Ash not more than.....	8.00%	Taurine not less than.....	0.25%
Total Microorganisms not less than.....			270,000 CFU/g

(Lactobacillus acidophilus, Lactobacillus casei, Bifidobacterium thermophilum, Enterococcus faecium)*

*Contains a source of live (viable) naturally occurring microorganisms.

Ingredients

Chicken Meal, Rice Flour, Dehulled Soybean Meal, Porcine Animal Fat Preserved with BHA and Citric Acid, Spray Dried Animal Blood Cells, Poultry Fat Preserved with Mixed Tocopherols, Brewers Dried Yeast, Dried Plain Beet Pulp, Calcium Carbonate, Soy Protein Concentrate, Soybean Oil, Natural Poultry Flavor, Phosphoric Acid, Fish Meal, Fish Oil, Dicalcium Phosphate, Salt, Calcium Propionate (a Preservative), Taurine, Lactose, Choline Chloride, DL-Methionine, Pyridoxine Hydrochloride, Preserved with Mixed Tocopherols, Thiamine DL-Methionine, Pyridoxine Hydrochloride, Preserved with Mixed Tocopherols, Mononitrate, Dried Lactobacillus acidophilus Fermentation Product, d-Alpha Tocopheryl Acetate (Vitamin E), Dried Lactobacillus casei Fermentation Product, Manganous Oxide, Dried Bifidobacterium thermophilum Fermentation Product, Vitamin A Acetate, Cholecalciferol (Vitamin D3), Dried Enterococcus faecium Fermentation Product, Citric Acid (a Preservative), Yucca schidigera Extract, Menadione Sodium Bisulfite Complex (Vitamin K), Zinc Oxide, Folic Acid, Rosemary Extract, Vitamin B12 Supplement, Calcium Pantothenate, Riboflavin-5-Phosphate, Nicotinic Acid, Ferrous Sulfate, Ferrous Carbonate, Calcium Iodate, Copper Sulfate, L-Lysine, Basic Copper Chloride, Zinc Sulfate, Sodium Selenite, Biotin, Cobalt Carbonate.

Feeding Directions

- Feed free-choice to young or adult ferrets.
 - Adult ferrets weighting 2 – 4 lbs. will typically eat 6% of their body weight per day (1/2 – 3/4 cup) or up to 7% of their body weight for breeding or lactating females (3/4 – 1 cup).
- Always provide plenty of fresh, clean water. Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling pets.
- This diet is not for human consumption.

Storage Conditions

For best results, reseal the bag between uses or store contents of open paper sack in container with sealing lid. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Do not offer moldy or insect-infested feed to animals as it may result in illness, performance loss or death. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing or "Best if Used By" date.
